

ALL BURIED FACILITIES ENFORCEMENT
FEBRUARY 3, 2016

77-13-1. Legislative intent

It is the intent of the Legislature to protect underground utility facilities and other underground facilities from destruction or damage, in order to prevent death of or injury to persons, property damage to public and private property, and loss or interruption of essential utility services to the general public.

HISTORY: SOURCES: Laws, 1985, ch. 494, § 1; reenacted without change, Laws, 1999, ch. 302, § 1, eff from and after July 1, 1999.

77-13-3. Definitions

The words defined in this section shall have the following meanings when found in this chapter:

(a) “Excavate or excavation” shall mean any operation in which earth, rock or other material or mass of material on or below the ground is moved or otherwise displaced by any means, except: (i) the tilling of the soil less than twenty-four (24) inches in depth for agricultural purposes; or (ii) an operation in which earth, rock or other material or mass of material on or below the ground is moved or otherwise displaced to a depth of less than twelve (12) inches on private property by the property owner without the use of mechanical excavating equipment; or (iii) an operation in which earth, rock or other material or mass of material on or below the ground is moved or otherwise displaced without the use of mechanical excavating equipment to a depth of less than twelve (12) inches on private property by an excavator who is not the property owner, except when such excavation is in a clearly marked underground facility right-of-way; (iv) routine railroad maintenance activities conducted within the track structure, drainage ditches, or within the railroad right-of-way a distance not to exceed thirty (30) feet from the outside rail of the outermost track or tracks, provided this work is performed by railroad employees or railroad contractors and is carried out with reasonable care so as to protect any underground facilities properly installed in the railroad right-of-way by agreement with the railroad; ~~or~~ (v) routine activities of a cemetery, provided that for any cemetery that begins or expands after July 1, 2015, such activities occur only after initial notice is provided to Mississippi 811, Inc., and all affected operators have advised that there are no underground facilities within the boundaries of the subject cemetery; or any activity by a government entity in its right-of-way which does not penetrate the earth to a depth of more than twelve (12) inches and is carried out with reasonable care so as to protect any underground facilities placed in the right-of-way. The term “excavate” shall include, but not be limited to, the operations of demolition, blasting, grading, land leveling, trenching, digging, ditching, drilling, augering, tunneling, scraping, cable or pipe plowing, driving, jacking, wrecking, razing, rending, moving or removing any structure or other material or mass of material on or below the ground.

(b) “Utility” shall mean any person who supplies, distributes or transports by means of underground utility lines or underground facilities any of the following materials or services: gas, mixture of gases, petroleum, petroleum products or hazardous, toxic, flammable or corrosive liquids, electricity, telecommunications (including fiber optics), sewage, drainage, water, steam or other substances.

(c) “Underground utility lines” shall mean underground or buried cable, conduit pipes

ALL BURIED FACILITIES ENFORCEMENT
FEBRUARY 3, 2016

and related facilities for transportation and delivery of electricity, telecommunications (including fiber optics), water, sewage, gas, mixtures of gases, petroleum, petroleum products or hazardous, flammable, toxic or corrosive liquids.

(d) "Underground facility" shall mean any underground utility lines and other items which shall be buried or placed below ground or submerged for use in connection with underground utility lines and including, but not be limited to, pipes, sewers, conduits, cables, valves, lines, wires, manholes, vaults, attachments and those portions of poles below the ground.

(e) "Person" shall mean any individual, firm, partnership, association, trustee, receiver, assignee, corporation, entity, limited liability company, utility, joint venture, municipality, state governmental unit, subdivision or instrumentality of the state, or any legal representative thereof.

(f) "Damage" shall mean the substantial weakening of structural or lateral support of underground utility lines and underground facilities, penetration or destruction of any protective coating, housing or other protective devices of an underground utility line or underground facility, and the partial or complete severance of any underground utility line or underground facility, but does not include any operator's abandoned facility.

(g) "Operator" shall mean any person who owns or operates a utility. However, the term "operator" shall not include any railroad or the Mississippi Department of Transportation.

(h) "Working day" shall mean a twenty-four-hour period commencing from the time the locate request is processed or entered into the system by Mississippi 811, Inc., in accordance with this chapter, excluding Saturdays, Sundays and legal holidays.

(i) "Mechanical excavating equipment" shall mean all equipment powered by any motor, engine, or hydraulic or pneumatic device used for excavating and shall include, but not be limited to, trenchers, bulldozers, backhoes, power shovels, scrapers, draglines, clam shells, augers, drills, cable and pipe plows and other plowing-in or pulling-in equipment.

(j) "Excavator" shall mean any person who engages directly in excavation.

(k) "Mark" shall mean the use of stakes, paint or other clearly identifiable materials to show the field location of underground facilities in accordance with the current color code standard of the American Public Works Association, or the uncovering or exposing of underground facilities so that the excavator may readily see the location of same, or the pointing out to the excavator of certain aboveground facilities such as, but not limited to, manhole covers, valve boxes and pipe and cable risers, which indicate the location of underground facilities.

(l) "Mississippi One-Call System, Inc." shall mean "Mississippi 811, Inc." Whenever the term "Mississippi One-Call System, Inc." appears in this chapter, the term shall mean "Mississippi 811, Inc."

(m) "Mississippi 811, Inc." shall mean a nonprofit corporation organized under the laws of the State of Mississippi that provides a service through which a person shall notify the operator(s) of underground facilities of plans to excavate and request marking of facilities.

(n) "Abandoned facility" shall mean any underground utility line or underground utility facilities no longer used in the conduct of the owner/operator's business and are not intended to be used in the future.

(o) "Emergency excavation" shall mean excavation at times of emergency involving danger to life, health or property or a customer service outage.

ALL BURIED FACILITIES ENFORCEMENT
FEBRUARY 3, 2016

(p) “Approximate location” of underground utility lines or underground facilities shall mean information about an operator’s underground utility lines or underground facilities which is provided to a person by an operator and must be accurate within eighteen (18) inches measured horizontally from the outside edge of each side of such operator’s facility, or a strip of land eighteen (18) inches either side of the operator’s field mark, or the marked width of the facility or line plus eighteen (18) inches on each side of the marked width of the facility or line.

(q) “Positive response information system” or “PRIS” means an automated information system operated and maintained by Mississippi 811, Inc., that allows excavators, locators, facility owners or operators, and other affected parties to enter and/or determine the status of a locate request.

(r) “Calendar day” shall mean a twenty-four-hour period.

(s) “Board” shall mean the Underground Facilities Damage Prevention Board, created by §77-13-29.

(t) “Pipeline Safety Division” shall mean the Pipeline Safety Division of the Public Service Commission

HISTORY: SOURCES: Laws, 1985, ch. 494, § 2; Laws, 1997, ch. 483, § 1; reenacted without change, Laws, 1999, ch. 302, § 2; Laws, 2008, ch. 497, § 1; Laws, 2009, ch. 382, § 1; Laws, 2010, ch. 427, § 1; Laws, 2014, ch. 354, § 1; Laws, 2015, ch. 309, § 1, eff from and after July 1, 2015.

77-13-5. Excavator’s investigation of site; notice to utility of planned excavation

(1) In addition to complying with all other applicable regulations and requirements of federal, state, county and municipal authorities, no person shall engage in excavation of any kind, before meeting the notification requirements of this chapter. Under this chapter the excavator shall:

(a) Inform himself/herself of the presence and location of any underground utility lines and underground facilities in or near the area where excavation is to be conducted;

(b) Plan and conduct the excavation to avoid or minimize interference with or damage to underground utility lines and underground facilities in or near the excavation area; maintain a clearance between any underground utility line or underground facility and the cutting edge or point of any mechanical excavating equipment, taking into account the known limit of control of such cutting edge or point, as may be reasonably necessary to avoid damage to such facility; and provide such support for underground utility lines or underground facilities in and near the excavation area, including during any backfilling operations, as may be reasonably necessary for the protection of such facilities.

(c) Except as provided in Section 77-13-11, provide not less than two (2) and not more than ten (10) working days’ advance written, electronic or telephonic notice of the commencement, extent, location and duration of the excavation work to Mississippi 811, Inc., so that Mississippi 811, Inc., operator(s) may locate and mark the location of underground utility lines and underground facilities in the excavation area.

The written, electronic or telephonic notice required by this paragraph (c) shall contain the name, address and telephone number of the person filing the notice of intent, the person responsible for the excavation, the starting date, anticipated duration, type of

ALL BURIED FACILITIES ENFORCEMENT
FEBRUARY 3, 2016

excavation to be conducted, the location of the proposed excavation and whether or not explosives are to be used.

(2) The markings provided by operators and the locate request number shall only be valid for a period of fourteen (14) calendar days from the date and time the locate request ticket is processed or entered into the system by Mississippi 811, Inc. The person responsible for the excavation project shall renew the notification with Mississippi 811, Inc., at least two (2) and not more than three (3) working days prior to this expiration date and shall continue to renew such notification in the same manner throughout the duration of the excavation. Such renewal notice shall be valid for a period of fourteen (14) calendar days from the date and time the renewal locate request is processed or entered into the system by Mississippi 811, Inc.

(3) Compliance with the notice requirements of this section shall not be required of: (a) persons plowing less than twenty-four (24) inches in depth for agricultural purposes; (b) persons who are moving or otherwise displacing, by hand, earth, rock or other material or mass of material on or below the ground at a depth of less than twelve (12) inches on property they own; and (c) persons, other than the property owner, who are moving or otherwise displacing, by hand, earth, rock or other material or mass of material on or below the ground at a depth of less than twelve (12) inches, except when such excavation is in a clearly marked underground facility right-of-way.

HISTORY: SOURCES: Laws, 1985, ch. 494, § 3; Laws, 1997, ch. 483, § 2; reenacted without change, Laws, 1999, ch. 302, § 3; Laws, 2008, ch. 497, § 2; Laws, 2015, ch. 309, § 2, eff from and after July 1, 2015.

77-13-7. Notification of damaged lines

(1) Each person responsible for any excavation that results in damage to an underground utility line or underground facility, immediately upon discovery of such damage, shall notify Mississippi One-Call System, Inc., and notify all operators of such damaged line or facility of the location of the damage and shall allow the operator reasonable time to accomplish any necessary repairs before completing the excavation in the immediate area of the damage to such line or facility.

(2) Each person responsible for any excavation that results in damage to an underground pipeline or underground facility permitting the escape of any hazardous, flammable, toxic or corrosive gas or liquid that may endanger life or cause serious bodily harm or damage to property shall, immediately upon discovery of such damage, call 911 and then notify or call Mississippi One-Call System, Inc., and the operator and take all other action as may reasonably be necessary to protect persons and property and to minimize the hazards, until arrival of the operator's personnel and the police or fire departments.

(3) Except where the excavator has fully complied with the provisions of Section 77-13-5 and subsections (1) and (2) of this section, each person responsible for excavation that results in damage to an underground line or underground facility, except the property owner, unless the property owner is the excavator, shall be responsible for any and all costs and expenses incurred by the operator in restoring, correcting, repairing or replacing the damaged line or facility.

HISTORY: SOURCES: Laws, 1985, ch. 494, § 4; Laws, 1997, ch. 483, § 3; reenacted without change, Laws, 1999, ch. 302, § 4; Laws, 2008, ch. 497, § 3; Laws, 2009, ch. 382,

ALL BURIED FACILITIES ENFORCEMENT
FEBRUARY 3, 2016

§ 2, eff from and after July 1, 2009.

77-13-9. Marking location of underground facilities; timeliness

(1) Every person owning or operating underground utility lines or underground facilities shall, upon receiving advance notice of the commencement of excavation, in accordance with Section 77-13-7, make an investigation, and may report through the use of the PRIS the status of the work performed, within two (2) working days from the time notice is provided in accordance with this chapter to the Mississippi 811, Inc., to determine the approximate location of its underground utility lines or underground facilities in the area of the proposed excavation, and shall either: (a) mark the approximate location of underground utility lines and underground facilities in or near the area of the excavation, so as to enable the person engaged in excavation work to locate the lines and facilities in advance of and during the excavation work; (b) advise in writing or by telephone or electronic means that it has no underground utility lines or underground facilities in the excavation area; or (c) advise in writing or by telephone or electronic means that it can locate its underground utility lines or underground facilities in the excavation area only by excavation. If an operator can locate its underground utility lines or underground facilities in the excavation area only by excavation and has given proper notice of such, that operator shall be allowed a reasonable amount of additional time, not to exceed four (4) working days from the day the original notice was provided in accordance with this chapter, to mark the approximate location of the underground utility lines or underground facilities.

(2) In lieu of such marking, the operator may request to be present at the site upon commencement of the excavation, so long as the operator complies within two (2) working days of the receipt of the notice.

(3) When an excavator, upon arriving at an excavation site, sees evidence of unmarked underground utility lines or underground facilities or encounters an unmarked underground utility line or underground facility on an excavation site after excavation has commenced where notice of intent has been made in accordance with the provisions of this chapter, that excavator must immediately contact Mississippi 811, Inc. All operator(s) thus notified must contact the excavator within four

(4) hours and inform the excavator of any of their known underground facilities, active or abandoned, at the site of the ~~excavation~~ excavation. (4) When marking the approximate location of the facilities, the operator shall follow the color code designated and described herein, unless otherwise provided for by specific administrative rule or regulation promulgated pursuant to this chapter, namely:

(5) All utility facilities installed by owners or operators of utilities on or after January 1, 2010, shall be installed in such manner that the utility facility may be located by using a generally accepted electronic locating method.

(6) Except for emergency excavations, if, before the expiration of the two (2) working days waiting period, all identified facility owners or operators have responded to the locate request and all have indicated that their facilities are either not in conflict or have been marked as indicated through the use of the PRIS, then the person planning to perform excavation or blasting shall be authorized to commence work, subject to the

ALL BURIED FACILITIES ENFORCEMENT
FEBRUARY 3, 2016

other requirements of this section, without waiting the full two (2) working days.

HISTORY: SOURCES: Laws, 1985, ch. 494, § 5; Laws, 1997, ch. 483, § 4; reenacted without change, Laws, 1999, ch. 302, § 5; Laws, 2008, ch. 497, § 4; Laws, 2009, ch. 382, § 3; Laws, 2010, ch. 427, § 2; Laws, 2015, ch. 309, § 3, eff from and after July 1, 2015.

77-13-11. Exceptions to advance notice requirement

(1) The advance notice provisions of this chapter shall not apply to any person making an excavation at times of emergency involving danger to life, health or property or a customer service outage. However, every person who shall engage in such emergency excavation shall take all necessary and reasonable precautions to avoid or minimize interference with or damage to existing underground utility lines and underground facilities in and near the excavation area, and shall notify as promptly as reasonably possible the operators of underground utility lines or underground facilities in and near the emergency excavation area specifically designating whether such excavation is an emergency excavation as defined herein. In the event of damage to or dislocation of any underground utility lines or underground facilities caused by any such emergency excavation work, the person responsible for the excavation shall immediately notify the operator of the damaged or dislocated underground facilities of the damage or dislocation.

(2) An imminent danger to life, health, property or customer service exists whenever there is a substantial likelihood that injury, loss of life, health or customer services, or substantial property loss could result before the person responsible for the excavation or demolition can fully comply with the notification and response procedures required in Sections 77-13-7 and 77-13-17.

HISTORY: SOURCES: Laws, 1985, ch. 494, § 6; Laws, 1997, ch. 483, § 5; reenacted without change, Laws, 1999, ch. 302, § 6, eff from and after July 1, 1999.

77-13-13. Advance notice as relieving excavator of certain liabilities

The act of giving notice in accordance with Section 77-13-5 shall relieve the notifying party of all liability to a utility should such notice be ignored or the information provided by the utility subsequent to said notice be materially inaccurate; provided, however, the act of giving advance notice and/or obtaining information as required by this chapter shall not relieve any person making excavations from doing so in a careful and prudent manner, nor shall it relieve such person from liability for any injury or damage proximately resulting from his/her negligence.

HISTORY: SOURCES: Laws, 1985, ch. 494, § 7; reenacted without change, Laws, 1999, ch. 302, § 7, eff from and after July 1, 1999.

77-13-15. Notice to one-call system

Notification to Mississippi One-Call System, Inc., as provided in Section 77-13-5, may be effected by giving notice to Mississippi One-Call System, Inc., in writing, by telephone, fax or other electronic means made available through Mississippi One-Call System, Inc.

HISTORY: SOURCES: Laws, 1985, ch. 494, § 8; Laws, 1997, ch. 483, § 6; reenacted without change, Laws, 1999, ch. 302, § 8; Laws, 2008, ch. 497, § 5, eff from and after July 1, 2008.

77-13-17. Operator responsibilities

- (1) Any operator who fails to follow, abide by or comply with this chapter shall be responsible for the cost or expense the excavator shall incur as a direct result of the failure of the operator to follow, abide by or comply with the provisions of this chapter.
- (2) Operators who have underground utility lines or underground facilities within the State of Mississippi shall be a member of Mississippi 811, Inc.
- (3) The person giving notice of the intent to excavate to Mississippi 811, Inc., shall be furnished an individual locate request number for each notification and, upon request, shall be furnished the names of the operators to whom the notification will be transmitted.
- (4) An adequate record of all notifications shall be maintained by Mississippi 811, Inc., in order to document timely compliance with this chapter. These records shall be retained for a period of not less than four (4) years and shall be made available at a reasonable cost upon proper and adequate advance request.
- (5) The services of Mississippi 811, Inc., will be provided on working days as defined in Section 77-13-3(h) at least between the hours of 7:30 a.m. and 5:00 p.m.
- (6) Mississippi 811, Inc., will voice-record the notification telephone calls and after-hour calls will at least reach a voice recording which explains emergency notification procedures.
- (7) All operators shall provide Mississippi 811, Inc., the following information:
 - (a) A list of counties, cities and towns in which the operator has underground utility lines or underground facilities in each county.
 - (b) A digital map, paper map or geospatial information showing the location of the operator's underground utility lines or underground facilities or for other reasons wish to receive notification of proposed excavation.
 - (c) An update on an annual basis of each operator's underground utility lines or underground facilities for the State of Mississippi.

77-13-21. Repealed

Repealed by Laws of 1999, ch. 302, § 11, eff from and after July 1, 1999.

[Laws, 1997, ch. 483, § 9, eff from and after July 1, 1997]

77-13-23. Operator waives right to recover damages to operator's underground facilities under certain circumstances; exemption

Any operator who suffers damages as a result of not participating as a member of Mississippi 811, Inc., waives the right to recover damages to the operator's underground facilities from the excavator if the excavator complied with the provisions of this chapter. The provisions of this section shall not apply to any municipality, as defined in Section 17-1-1, that owns or operates a utility.

HISTORY: SOURCES: Laws, 2010, ch. 427, § 3, eff from and after passage (approved Mar. 24, 2010.)

77-13-25. Effect of chapter on certain contracts between railroads and owners or operators of underground facilities or utility lines on railroad right-of-way

Nothing in this chapter shall modify or abrogate any contractual provision entered into between any railroad and any other party owning or operating an underground facility or underground utility lines within the railroad's right-of-way.

HISTORY: SOURCES: Laws, 2014, ch. 354, § 2, eff from and after July 1, 2014.

77-13-27. Enforcement of Damage Prevention

(1) Any person who violates this chapter, or the rules promulgated under this chapter, shall be subject to a civil penalty as follows:

(a) For a first violation, the violator shall complete a course of training concerning compliance with this chapter as determined by the executive committee;

(b) For a second or subsequent violation, the violator shall complete a course of training concerning compliance with this chapter as determined by the executive committee or pay a civil penalty in an amount set by the executive committee, not to exceed two thousand five hundred dollars (\$2,500) per incident, or both; and

(c) Notwithstanding subsections (e) (1) and (2), if any violation was the result of gross negligence or willful or wanton misconduct as determined by the executive committee, the executive committee shall require the violator to complete a course of training concerning compliance with this chapter as determined by the executive committee and pay a civil penalty in an amount set by the executive committee, not to exceed five thousand dollars (\$5,000) per incident.

(2) Any person who is required to complete a course of training under subsection (1)(a) shall be responsible for paying for the cost of the training.

(3) Any excavator who violates this chapter may be issued a notice of violation by the inspector, and the inspector may require any excavator to cease work on any excavation, or not start a proposed excavation, until the excavator complies with this chapter.

(4) Enforcement provided by this section shall begin after the board promulgates rules to carry out its responsibilities under this chapter.

ALL BURIED FACILITIES ENFORCEMENT
FEBRUARY 3, 2016

77-13-29 Underground Facilities Damage Prevention Board.

(1) There is created within the Pipeline Safety Division, an Underground Facilities Damage Prevention Board for the purpose of enforcing this chapter.

(2) It is the intent of the Legislature that the Board and its enforcement activities not be funded by appropriations from the State budget.

(3) The Pipeline Safety Division will provide administrative and investigative support for the Board, both subject to concurrence by the Board. The Pipeline Safety Division shall charge the expenses associated with the administration and investigative duties of the board back to the Board, subject to concurrence by the Board.

(4) The Board shall be composed of twenty-two (22) members and all Board appointments shall be made by July 31, 2016. The Governor shall make the appointments specified in paragraphs (a) through (c) of subsection (4); the Lieutenant Governor shall make the appointments specified in paragraphs (d) through (i) of subsection (4), and the Speaker of the House shall make the appointments specified in paragraphs (j) through (o) of subsection (4). The Board shall consist of one (1) representative of each of the following interested parties, with each member having expertise with the subject matter encompassed by the provisions of this chapter:

(a) Mississippi 811, Inc.;

(b) Four (4) representatives of the telecommunications industry, including one (1) representative each of an Incumbent Local Exchange Carrier (ILEC), a Competitive Local Exchange Carrier (CLEC), an Interexchange Carrier (IEC) and a Data Provider;

(c) Excavation contractors;

(d) Electric power industry investor-owned utilities;

(e) Electric Power Associations of Mississippi;

(f) Railroad industry;

(g) Mississippi Department of Transportation;

(h) Cable television industry;

(i) Mississippi rural water;

(j) Insurance industry;

(k) The Mississippi Public Service Commission Pipeline Safety Division;

(l) Utility locators;

(m) Natural gas distribution;

(n) Liquid transmission;

(o) Natural gas transmission;

(p) Mississippi design engineers, appointed by the Executive Director of the Mississippi Society of Professional Engineers;

(q) Mississippi surveyors appointed by the Executive Director of the Mississippi Association of Professional Surveyors, Inc.;

(r) Mississippi county government appointee, who is appointed by the Executive Director of the Mississippi Association; and

(s) Mississippi municipality appointee, appointed by the Executive Director of the Mississippi Municipal League.

ALL BURIED FACILITIES ENFORCEMENT
FEBRUARY 3, 2016

(5) The initial term of the representatives provided in paragraphs (a) through (e) of subsection (4) shall end December 31, 2017; the initial term of the representatives provided in paragraphs (f) through (k) of subsection (4) shall end December 31, 2019; and the initial term of the representatives provided in paragraphs (l) through (s) of subsection (4) shall end December 31, 2021. Upon the expiration of the initial term of any member of the Board, his or her successor shall be appointed for a term of five (5) years.

(6) The Governor shall appoint the initial chairman of the Board, and the initial Board shall elect other officers as the Board deems necessary. The Board shall meet and elect a chairman and other officers every two years thereafter. The staff of Mississippi 811 shall serve as staff support for the Board.

(7) The Board shall meet no less than twice each year, with a date and time to be set by its chairman upon at least five (5) business days' notice provided by United States mail, electronic mail or personal delivery to every Board member.

(8) Twelve (12) members of the Board shall constitute a quorum and a majority vote of those present and voting at any meeting shall be necessary to transact business.

(9) The members of the Board shall be immune, individually and jointly, from civil liability for any act or omission done or made in the performance of their duties while serving as members of the Board, but only in the absence of willful misconduct.

(10) The members of the Board shall serve without compensation.

(11) The Board shall elect an executive committee, which shall be responsible for levying civil penalties and taking action as described in §77-13-27. The executive committee shall be composed of the following members of the Board:

(a) One (1) member from paragraph (c) of subsection (4);

(b) One (1) member from a state agency or local government; and

(c) One (1) member from a utility as defined by §77-13-3(b).

(12) A member serving on the executive committee shall be limited to two (2) consecutive one-year terms.

(g) The Board and the executive committee may hold meetings and vote by telephone, television, or other electronic means.

77-13-29. Powers of the Board

(1) The Board has the power and authority to:

(a) Promulgate rules to carry out its responsibilities under this chapter no later than December 31, 2016.

(b) Make and enter into contracts.

(2) The board shall:

(a) Through its executive committee, initiate investigations and conduct hearings as required by §77-13-31;

(b) Manage the underground damage prevention fund created by §73-13-33;

(c) Assess its annual operating cost to operators in an amount equal to the amount necessary to offset the cost of investigative and administrative services performed by the Pipeline Safety Division at the direction of the Board. The annual operating costs shall be apportioned in a proportional manner and collected by Mississippi 811 from the operators; and

(d) Subject to the availability of funding in the underground damage prevention fund

ALL BURIED FACILITIES ENFORCEMENT
FEBRUARY 3, 2016

created by § 73-13-33, contract with appropriate entities or agencies to conduct training and public awareness for damage prevention.

77-13-31.

(a) Upon receipt of a complaint of a violation of this chapter, the executive committee shall initiate an investigation of the complaint by requesting that the Pipeline Safety Division designate an employee of the authority who will investigate the complaint at the executive committee's direction.

(b) Any investigator acting at the direction of the executive committee may issue citations for violations of this chapter. Any citation may include a recommendation for the penalty to be assessed under § [§77-13-27](#).

(c) If the person to whom the citation is issued under subsection (b) does not pay ~~the citation~~ the citation or submit to ordered training, or both, within thirty (30) days, then the executive committee shall appoint a hearing officer to conduct a hearing and issue an initial order. The hearing shall be held at the time and place set forth in the citation notice of hearing. The hearing shall be conducted in the county where the excavation referenced in the citation occurred, unless otherwise agreed to by the person to whom the citation was issued. In the event the excavation occurred in more than one (1) county, then the hearing shall be conducted in the county where the greatest amount of excavation referenced in the citation occurred.

(d) An appeal of the initial order shall be heard by the executive [committee](#).

(e) A person aggrieved by the final order may, within sixty (60) days, [seek judicial review in the Chancery Court of Hinds County, Mississippi](#).~~Mississippi~~.

(g) Evidence of findings of fact, civil penalties, or any of the actions or proceedings pursuant to this [chapter](#) shall not be admissible in any other civil causes of action. [This chapter shall not limit any person's right to pursue any additional civil remedy otherwise allowed by law.](#)

(f) Nothing in this chapter shall grant the executive committee or the board jurisdiction over damage to utilities located above the ground.

[73-13-33. Underground Damage Prevention Fund](#)

(a) There is created an underground damage prevention fund within the Pipeline Safety Division. All civil penalties collected pursuant to this chapter shall be deposited into the underground damage prevention fund. Any moneys remaining in the underground damage prevention fund at the end of the fiscal year shall not revert to the general fund, but shall remain in the underground damage prevention fund for the exclusive use of the board. The expenditure of moneys in the underground damage prevention fund shall be at the discretion of the board to carry out its duties under this chapter. Excess funds shall be used to support public awareness programs, training and education programs for excavators, operators, line locators, and other persons to reduce the number and severity of violations of this chapter.

[73-13-35 Scope of Authority.](#)

The administrative and investigative support provided by the pipeline safety division to the board in an advisory capacity only, and nothing in this chapter shall expand the jurisdiction of the pipeline safety division or the commission in any way.
